GoldX® PlusSeries® Compact Hi-Speed USB Hub & USB Mouse

GX-SET-GB

Powered 4-port hi-speed USB hub, Geometric Mouse

GoldX® GX-SET-GB is a travel kit that contains a mouse, a 4-port Hi-speed USB hub, 2 retractable cables, and a mouse pad. A sturdy carrying case is included for convenient storage and travel. The mouse is thin and full-sized with a geometric design on the top of the mouse. Powered by the USB port, this mouse does not require batteries or other external power. When in use, the 800 DPI precision in the mouse ensures accuracy of movement and placement on the screen. The matched in design hi-speed USB hub, allows the USB bus signal to be split from 1 down-stream signal to 4 upstream signals that provide for more USB peripherals to connect to your computer. The mouse pad is a convenient thin pad with a microfiber top that functions as a screen cleaner and a mouse pad.

Features:

- 2 – GoldX® PlusSeries® Hi-speed USB Cables Included
- 800 DPI Mouse Technology
- Optical Mouse
- 4 Port expansion for the USB bus
- Matching travel set with sturdy case
- Mouse pad can also be used to pad a laptop screen
- Mouse pad can be used to clean the screen
- Ergonomic Design
- Hi-speed USB Compliant
- High Performance
- Plug & Play
- 1 year warranty

Hardware Requirements:

- Athlon 1.2 GHz or higher class processor
- Pentium 4 or higher class processor
- One Available USB Port for the mouse
- One Available USB Port (Hi-speed Preferred)
- Pentium IV or Higher Class Processor
- Power Mac G4 Running at 1.2 GHz or Higher
